ALPEN-ADRIA UNIVERSITÄT KLAGENFURT

INVITATION TO THE DOCTORAL SEMINAR

Some Unsolved Problems in Mathematical Programming

Kurt Anstreicher | University of Iowa

Chaired by Angelika Wiegele | Department of Mathematics

Wednesday, 8 November 2023 | 10:00–11:00

V.1.34

ABSTRACT

In this talk I will describe several open problems that are related to my own research. The topics include algorithmic complexity, convex representations of nonconvex problems and computational challenges. Although these problems remain open, they all seem to be nearly within reach and are excellent candidates for further research.

We hope to see you there!
